Northern Utah Resource Advisory Committee
Meetings to Be Held in September

Vernal, Utah, September 8, 2021— Notice of Meetings

The Northern Utah Resources Advisory Committee (RAC) will conduct meetings on September 22 and September 29, 2021. The purpose of each meeting will be to address RAC business; review and prioritize Title II project proposals; and entertain general questions and answers. Each meeting will begin at 6:00 p.m. and will be held virtually.

The committee's purpose is to accept and recommend projects to the Forest Service funded through the Secure Rural Schools Act. Projects can include road and trail maintenance, watershed restoration, maintenance and improvement of wildlife and fish habitat, and control of invasive weeds.

The meetings are open to the public. Individuals interested in attending the meetings can contact the Uinta-Wasatch-Cache National Forest office at (801) 999-2103.

The Northern Utah RAC is authorized through the Secure Rural Schools (SRS) Act as a mechanism for local community collaboration with Federal land managers in recommending projects that will benefit Federal lands. SRS allocations are based on and funded by national forest receipts. These funds are required to be utilized on national forests, or projects that will directly benefit these lands.

The Northern Utah RAC serves the areas of the Ashley and Uinta-Wasatch-Cache National Forests.
