2005 Forest Plan

Mark Twain
National Forest

Abstract

This 2005 Land and Resource Management Plan (2005 Forest Plan) was prepared according to Department of Agriculture regulations (36 CFR 219 - 1982 regulations), which are based on the Forest and Rangeland Renewable Resources Planning Act (RPA), as amended by the National Forest Management Act of 1976 (NFMA). This plan was also developed in accordance with regulations (40 CFR 1500) for implementing the National Environmental Policy Act of 1969 (NEPA).

A Final Environmental Impact Statement (FEIS) has been prepared as required by NEPA and 36CFR219 (1982 Planning Regulations.) The FEIS the analysis of five alternatives developed for management of the Mark Twain NF, and displays the environmental effects at a programmatic level. Alternative 3 is identified in the FEIS as the selected alternative.

If any provision of this plan or its application to any person or circumstances is found to be invalid, the remainder of the plan and its applicability to other persons or circumstances will not be affected.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, or marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotope, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call (202) 720-5964 (voice and TDD). USDA is an equal opportunity provider and employer.

Table of Contents

Preface

Purpose of the 2005 Forest Plan.....	Preface-1
Relationship of the Forest Plan to Other Documents	Preface-1
A Reader’s Guide to the Forest Plan	Preface-2

Chapter 1—Forestwide Goals and Objectives

Introduction	1-1
Goal 1 – Promote Ecosystem Health and Sustainability	1-1
Goal 2 – Provide a Variety of Uses, Values, Products, and Services.....	1-4

Chapter 2—Forestwide Standards and Guidelines

Introduction	2-1
Vegetation Management.....	2-2
Non-Native Invasive Species (NNIS) Management.....	2-2
Water and Soil Resource Management	2-2
Terrestrial and Aquatic Habitat Management	2-6
Prescribed Fire, Fuels, and Wildland Fire Management	2-15
Hazardous Materials.....	2-19
Pesticide Use	2-19
Rangeland Management.....	2-20
Recreation Management.....	2-21
Visual Management.....	2-24
Heritage Resources.....	2-26
Timber Management	2-27
Special Uses Management.....	2-32
Minerals.....	2-34
Law Enforcement	2-36
Landownership	2-36
Transportation System.....	2-39

Chapter 3—Management Prescriptions

Introduction	3-1
Management Prescription 1.1 – Natural Community Restoration, RN ROS	3-3
Management Prescription 1.2 – Natural Community Restoration, SPM ROS	3-7
Management Prescription 2.1 – General Forest, RN ROS	3-11
Management Prescription 5.1 – Designated Wilderness	3-13
Management Prescription 6.1 – Semi-Primitive Non Motorized ROS	3-33
Management Prescription 6.2 – Semi-Primitive Motorized ROS	3-37
Management Prescription 6.3 – Candidate Wild, Scenic, Recreation Rivers	3-41
Management Prescription 7.1 – Developed Recreation Areas	3-45
Management Prescription 8.1 – Designated “Special Areas” Other than Wilderness.....	3-49
Standards and Guidelines Specific to the Eleven Point National Scenic River	3-54
Standards and Guidelines Specific to Decker Cave.....	3-57
Standards and Guidelines Specific to Cupola Pond.....	3-58
Standards and Guidelines Specific to National Recreation Trails	3-58
Standards and Guidelines Specific to Hayden Bald.....	3-59
Standards and Guidelines Specific to the Lower Current River Special Area.....	3-60
Standards and Guidelines Specific to the Greer Spring Special Management Area.....	3-61
Standards and Guidelines Specific to National Forest Scenic Byways	3-62
Standards and Guidelines Specific to the Irish Wilderness Excluded Lands.....	3-63
Standards and Guidelines Specific to Recommended Wilderness Additions.....	3-64

Chapter 4—Monitoring and Evaluation

Introduction4-1
 Legal and Regulatory Requirements4-2
 Monitoring Guidelines and Components.....4-4
 Monitoring Matrix4-6

Appendix A—Terrestrial Natural Communities

Introduction A-1
 Desired Conditions for Natural Community Types by Management Prescription..... A-1
 Management Prescription 1.1 A-4
 Management Prescription 1.2..... A-9

Appendix B—Soils

Introduction B-1
 Riparian Soils B-1
 Highly Compactable Soils..... B-2
 Highly Erodible Soils B-4
 Fragipan Soils..... B-5

Appendix C—Minerals Management

Introduction C-1
 Legal Notices and Stipulations..... C-2
 Special Notifications for Lead Mining Operations..... C-5
 Conditions of Approval C-8

Appendix D—Harvest Methods

Silvicultural Systems and Regeneration Harvest Methods..... D-1
 Intermediate Treatments D-2
 Choice of Regeneration Harvest Method D-3

Appendix E—Goods, Services, and Probable Management Practices

Introduction E-1
 Land Classification..... E-1
 Allowable Sale Quantity (ASQ)..... E-1
 Proposed (Decade 1) and Probable (Decade 2) Management Practices E-2

Appendix F—Recreation Opportunity Spectrum

OverviewF-1
 Forest Plan ApplicationF-1

Appendix G—Visual Management System

Overview G-1
 Variety Classes G-1
 Sensitivity Levels G-1
 Visual Quality Objectives..... G-2

Appendix H—Forest Plan Unit Maps

Ava Unit H-1
 Cassville Unit H-2
 Cedar Creek Unit..... H-3
 Eleven Point Unit H-4
 Fredericktown Unit..... H-5
 Houston-Rolla Unit H-6
 Poplar Bluff Unit..... H-7
 Salem and Potosi Units..... H-8
 Willow Springs Unit..... H-9

Forest Plan Index

List of Tables

Chapter 1—Forestwide Goals and Objectives

Table 1-1. Desired percentage of NFS lands treated by natural community types in MP 1.1.	1-2
Table 1-2. Desired percentage of NFS lands treated by natural community types in MP 1.2.....	1-2

Chapter 2—Forestwide Standards and Guidelines

Table 2-1. Naturalized trout species managed in cold-water streams	2-11
Table 2-2. Recommended spacing between drainage features.	2-16
Table 2-3. Mark Twain National Forest fire management direction.	2-17
Table 2-4. Recommended spacing between drainage features.	2-18
Table 2-5. ROS Class Carrying Capacity.....	2-22
Table 2-6. Maximum residue treatment heights for sensitivity levels.....	2-26
Table 2-7. Recommended spacing between drainage features.	2-31

Chapter 3—Management Prescriptions

Table 3-1. Management prescription assignment of Forest Plan.	3-2
Table 3-2. Visual Quality Objective for Management Prescription 1.1.	3-5
Table 3-3. Visual Quality Objective for Management Prescription 1.2.	3-9
Table 3-4. Visual Quality Objective for Management Prescription 2.1.	3-12
Table 3-5. Description of wilderness areas.	3-13
Table 3-6. Indicators of acceptable change.	3-20
Table 3-7. Visual Quality Objectives for Management Prescription 6.1.	3-34
Table 3-8. Visual Quality Objective for Management Prescription 6.2	3-38
Table 3-9. Eligible Rivers located within forest boundaries.	3-41
Table 3-10. Areas with National recognition and designation.	3-50
Table 3-11. State Natural Areas as of July 2003.	3-50
Table 3-12. Forest Special Areas as of January, 2005.....	3-51
Table 3-13. Visual Quality Objectives for Management Prescription 8.1.	3-53
Table 3-14. Objectives for development level, ROS, and commercial use by outfitters.....	3-55
Table 3-15. National recreation trails.	3-58
Table 3-16. Recreation area, development level, and ROS.....	3-60
Table 3-17. National Forest Scenic Byways	3-62
Table 3-18. Proposed additions to Wilderness Areas.....	3-64

Chapter 4—Monitoring and Evaluation

Table 4-1. Required Category 1 monitoring items.	4-3
Table 4-2. Monitoring framework.	4-4
Table 4-3. Contents and definitions of the monitoring matrix.	4-6
Table 4-4. Mandatory monitoring items.....	4-7
Table 4-5. Monitoring items for goals, objectives, and standards.....	4-9

Appendix A—Terrestrial Natural Communities

Table A-1. Range of Ecological Parameters for Natural Communities in MP 1.1 and 1.2.....	A-2
Table A-2. Desired conditions for natural community types in MP 2.1, 6.1, 6.2, 6.3, 8.1.....	A-3

Appendix E—Goods, Services and Probable Management Practices

Table E-1. Classification of National Forest land for timber production	E-1
Table E-2. Estimate of acres of timber harvest by treatment method (Forestwide).....	E-2
Table E-3. Proposed management activities for Decade 1.	E-3
Table E-4. Estimated Acres in MP 1.1 and 1.2 to be treated for restoration in Decade 1 based on Forest Plan objectives.....	E-3

Appendix F—Recreation Opportunity Spectrum

Table F-1. MTNF Management Prescription by ROS class.....	F-1
