

Planning, Designing, and Implementing Stream-Riparian Restoration Using Large Wood Materials

Monday July 13, 2009 Day 1

1:30-1:45

Welcome and Introductions

**Erick Walker DDR
Green Mt./FL NF**

1:45-2:00

**Housekeeping, Course Structure,
and Workshop Objectives**

**Nick Schmal
and Steve Roy**

Setting the Stage for Restoration

2:00-2:45

**Importance and Role of Large Wood in Riverine
Ecosystems**

**Dr. Keith Nislow
Northern Research
Station**

2:45-3:00

Break

3:00-4:00

**History, Disturbance, and Ecological Importance of
Stream-Riparian Vegetation**

**Dr. Greg Nowacki
R9 Regional Office**

Data Gathering and Assessment

4:00-5:00

**Northeastern River Processes and Mechanics Important
to Large Wood Assessments**

**Dr. John Field
Field Geology
Services**
