Firewood Cutting Area

Grangeville, ID – Forest Development Road 9723, located on the Moose Creek Ranger District, will be open to the public from July 20 through August 14 for personal use firewood gathering. The area is located in the Goddard Creek and Elk City Creek drainages, accessed by Forest Road 470.

A personal use firewood permit is required and all conditions of the permit apply.

An existing closure order has been amended to open these areas to the public. Restrictions will go back into affect after August 14. All other forest development roads and trails within the closure order will be unaffected by the amendment.

If you have questions please contact Guy Williams at (208) 926-4258.
