

Notes from Libby Forest Plan Collaboration Mtg.  
August 18, 2005

List of concerns:

- Zulu IRA - on Libby GA
- Treasurer Mtn designation
- Areas that we disagree - *continual discussion*
- More 5b or a rather wilderness designation (1b)
- ATV access - *being looked at within every option*
- Where is 1,000 ac. Proposed as 1b - *Ellen answered*
- Edge of wilderness - Pipe Cr. - *will need to attend Yaak mtg*
- 5b areas around Montmore project
- Allow more summer - year around access behind gates - *being looked at within every option*
- Flexibility and adaptability if converted from 1b to 5a
- 5b Goldhill & Flagstaff
- Loss of wilderness designations - *being addressed*

DECISIONS MADE:

- Add new 5 designation - now have:
  - 5a - Non motorized - year around
  - 5b - Motorized - year around
  - 5c - Winter only motorized**

NEXT MTG - August 25<sup>th</sup>, 6:00 pm, SO Office

- Need Topo maps to make **decisions** on:
  - Zulu IRA - Libby GA only (*5c rather than as is*)
  - Edge of wilderness around Montmore Project (*suggest split 5c & 5a*)
  - Goldhill & Flagstaff (*5a or 5c*)
- Make decision on Treasurer Mtn designation and adapt the flexibility and adaptability

Also needed for next meeting:

- Define Restoration - what terms and definitions does the Forest Service typically use
- What is or can happen about the grizzly bear delisting?
