YOUR BEGREEN CATALOGUE

Welcome to our new BegreeN catalogue, which has been designed to show you, at a glance, each product's specification so you can choose the products that are right for you and right for the environment.

What is BegreeN?

BegreeN is the world's first and most comprehensive range of writing instruments made from recycled plastic and covers nine product categories and includes over 20 products.

The range includes eco-friendly versions of many of your favourite writing instruments as well as new and innovative products such as our V Board Master, a high performance whiteboard marker and WhiteLine, an innovative retractable correction pen.

Why buy BegreeN?

When it comes to doing your bit to help the planet, even the simplest everyday activities can make a real difference and products like our award winning BegreeN range can help you make your own contribution to being environmentally friendly.

Three reasons to choose BegreeN:

*All products are made from at least 70% recycled material

No compromise on quality or performance

Each product costs no more to buy than its non-recycled counterpart.

* Excluding Eraser

Pilot's Ethics

We take our impact on the environment extremely seriously and are proud to have gained ISO 14001 certification, the internationally recognized standard for an Environmental Management System.

We believe it is an important step in the right direction and part of a much wider environmental management policy, which encompasses Pilot's global network.

*For more information on our BegreeN range

BEGREEN

Positive with the Planet

- Ballpoint pen	4-6
- Gel ink pen	7-9
- Liquid ink rollerball	10-12
- Multi-purpose pen	13
- Mechanical pencil	14-15
- Highlighter	16-17
- Permanent and Whiteboard markers	18-24
- Eraser	25
- Correction tape	26
- Refills	27

Represents the recycled materials used in the pen

Calculation of the percentage of recycled material is based on the weight of recycled material divided by the actual weight of the pen excluding ink and refill (ISO 14021 regulation).

The variation of recycled content depends on the weight represented by the plastic parts in relation to the total weight.

BPE-GP

- Stick ballpoint pen
- Advanced oil based ink, soft and fluid for comfortable writing
- Tough tungsten carbide ball, with high wear resistance. Avoids 'blobbing & clogging'
