

## Chippewa National Forest

### Administrative Correction 4 08/18/2006 Change to Guideline G-WSR-7

Administrative corrections are defined at 36 CFR 219.7(b) and may be made at any time and are not plan amendments or revisions.

Administrative corrections include the following:

- (1) Corrections and updates of and maps,
- (2) Corrections of typographical errors or other non-substantive changes;
- (3) Changes in the monitoring program and monitoring information
- (4) Changes timber management projections; and
- (5) Other changes in the Plan Document or Set of Documents, except for substantive changes in the plan components.

#### Forest Plan Chapter 3, page 3-18 (36CFR 219.7(b)(2))

Forest Plan Guideline number G-WSR-7 states:

“The following activities are generally permitted within 150 feet of subsurface heritage resource (buried) sites: grazing, heavy equipment and logging activity which can affect the integrity of the site and the construction of facilities other than those designed to interpret the site.”

This guideline is corrected to:

G-WSR-7 The following activities are generally **not** permitted within 150 feet of subsurface heritage resource (buried) sites: grazing, heavy equipment and logging activity which can affect the integrity of the site and the construction of facilities other than those designed to interpret the site.

This is a correction of a typographic error.

Corrected Page 3-18 is attached.
