

APPENDIX F: MAPS

This product is reproduced from geospatial information prepared by the U.S. Department of Agriculture. GIS data and product accuracy may vary. They may be developed for sources of differing accuracy, accurate at only certain scales, based on modeling or interpretation, incomplete while being created or revised, etc. Using GIS products for purposes other than those, for which they were created, may yield inaccurate or misleading results. This information was released in May 2007. The Forest Service reserves the right to correct, update, modify, or replace, GIS products "based on new inventories, new or revised information, and if necessary in conjunction with other federal, state or local public agencies or the public in general as required by policy or regulation. Previous recipients of the products may not be notified unless required by policy or regulation." For more information, contact the Nebraska National Forest Supervisor's Office, 308-432-0300.
