

Description of project and other remarks:

Does this project required early confirmation? If yes when:

**Clinic or Training:**

Who is the training for?:

Please circle the applicable: riding      packing      other

Will there be help available?

**Representing the US Forest Service:**

Please circle applicable:    parade    fair    rodeo    public appearance

Often these events last for several days, will there be help available for cleaning stalls, watering, feed, saddling etc.?

Is bedding for the stock available?

**Please note:** *The stock does better in a large pen than in stalls. If they are in stalls they need to be able to see each other. In addition the truck and trailer need to be parked close to the holding area because all tack is stored within the trailer. Please remember the string may be performing multiple shows in one day.*

**Accommodations:**

Motel/Hotel: \_\_\_\_\_

Camp in Backcountry: \_\_\_\_\_

Camp at Trailhead: \_\_\_\_\_

Bunkhouse: \_\_\_\_\_

Other: \_\_\_\_\_

**Please note:** *The pack string pays for the cost of lodging but we may ask you to provide reservations. It is necessary that the packers be close to the stock. If the cost of available lodging is in excess of the allowed per-diem rates, the local unit will need to prepare the justification (travel authorization form - C) and cover the additional costs.*

## *Other Requirements*

It will be the responsibility of the local area host or sponsor to insure the following needs of the packers, crew and animals:

- Good quality hay for the stock, either grass or alfalfa grass mix (certified weed free). To be paid for by the host unit.
- An adequate water supply (stock tanks, hoses).
- A secure stock holding facility (pasture with good fences, corrals, stalls...exception is remote locations).
- Parking space for a truck and 30' trailer and/or 2 trucks and 30' trailers.
- Help needed at fairs and rodeos for cleaning, feeding and attending a booth.
- Help in providing lodging reservations or bunkhouse for the packers. The cost of lodging will be paid for by the pack string as the pack string budget allows. We are open to lodging options that can lower costs.
- Make sure the trails are clear and passable (3' - 4' clearance from centerline) for the pack string to reach their destination.
- A support vehicle may be necessary.
