Trail Highlights: This trail offers the longest loop trail in Arkansas. A combination of the Little Missouri, the Athens-Big Fork and part of the Viles Branch Horse Trail, this trail travels through the southwestern portion of the Ouachita National Forest. Trail difficulty ranges from easy to most difficult. The trail has numerous river, stream and creek crossings and travels over nine mountains.

Surrounding Areas:

- **Albert Pike Recreation Area**, a developed area, offers swimming, and fishing opportunities. No camping. No horses.
- **Little Missouri Falls**, a forested picnic area, offers fishing and a trail to a waterfall overlook.
- **Bard Springs**, a 17-unit campground (no utilities) on a scenic stream. No horses.
- **Shady Lake Recreation Area**, a well-developed recreation area on a small scenic lake that offers swimming, camping and fishing opportunities. No horses.
- For more hiking experiences in the area try the Caney Creek Trails. Horses allowed.

Eagle Rock Loop is very difficult with a lot of steep and vigorous vertical activity (one leg alone crosses six ridges in eight miles, each between 500-800 feet). The Loop also has numerous tricky creek crossings, almost certainly requiring wets crossings in March and April, and one ford of the Little Missouri River that can be 50 yards wide. Many experienced hikers consider the Loop a “test” of hiking skill and about the most difficult Arkansas has to offer. If you think you (and your group or family) can handle all that, the Loop is a great hike with scenery, vistas, a large-volume cascading waterfall, and beautiful bluffs around the Albert Pike campground.
