Ingalls Mountain and Griffin Trails Temporarily Closed

A five-mile segment of the Ingalls Mountain Trail, Forest Trail #171, on the Tally Lake District of the Flathead National Forest is closed through early next summer due to salvage logging activity in the area. Ingalls Mountain Trail is closed from Sylvia Lake east to Forest Service Road #538.

In addition, a half mile of the upper portion of Griffin Creek Trail, Forest Trail #480, is closed from the intersection of Trail #171 south to Forest Service Road #2949. This closure will be in effect for approximately one year during salvage logging operations from the Brush Creek Fire.

For more information about this closure or trail conditions on the Tally Lake District contact Resource Assistant Becky Smith-Powell at 758-3538.
