Note to file:

Re: Cave Rock Closure Forest Order

Consistent with the Record of Decision (ROD) signed August 5, 2003 by Forest Supervisor Maribeth Gustafson, I intend to issue a Forest Order to continue the closure of Cave Rock to rock climbing. The ROD states:

This decision also covers implementation of several site specific project level actions associated with the management of Cave Rock. These actions include issuing a Forest Order to sign and provide for enforcement of the rock climbing closure at Cave Rock,...

During the past three year's tenure of Forest Order # 19-05-01, climbing has continued in violation of the order. I feel it is necessary to continue the order to ensure I have the ability to enforce the closure. I hereby incorporate the record that was prepared for Forest Order 19-05-01.
