Date: February 28, 2014

To: All Prospective Bidders

Subject: **FR216B Removal Timber Sale**

Dear Prospective Bidders:

This is notification of changes to the FR216B Removal Timber Sale offer. The Allegheny National Forest Engineering Department has identified an error in the Specified Road package "FR216" Schedule of Items (page 3). **Pay Item 60202 has been updated** to reflect an update to the type of pipe specified and an increased cost to account for the purchase and installation. Enclosed is an updated copy of the Schedule of Items. The correction has resulted in an increase to the overall cost of the road package by \$2,730.00. The timber sale contract will be updated after award, utilizing an "Ordered Design Change" under BT5.253 – *Design Change*.

This letter and an updated "Schedule of Items" will be posted to the Allegheny National Forest website at:

<http://www.fs.usda.gov/main/allegheny/workingtogether/contracting>.

The due date for the FR216B Removal Timber Sale bid opening will remain unchanged. Any Bidder who may have already submitted a Bid will be provided the opportunity to replace their Bid, prior to 2:00PM EST on March 20, 2014.

Questions regarding this notice can be directed to Contracting Officer James Boyd at 814-728-6189 or Forest Service Representative Dan Watson at 814-728-6174.

Sincerely,

JAMES L. BOYD
Contracting Officer
