## **SIERRA NATIONAL FOREST REQUESTS PUBLIC INPUT ON 2014 STATE OFF-HIGHWAY VEHICLE GRANT APPLICATION**

**Clovis, Calif., February 28, 2014 - For Immediate Release** – The Sierra National Forest is requesting public input on the forest's 2014 State Off-Highway Motor Vehicle Recreation (OHMVR) grant application from March 4 through April 7.

This year the State has funds available for education, operation and maintenance, law enforcement and restoration projects, and the Sierra National Forest will submit an OHMVR grant application for this funding.

The Forest Service will be submitting the application using the California internet-based "On-Line Grant Application" (OLGA) software. After the public review and comment process a final application will be submitted, due May 5, 2014. The public may view and comment on the Preliminary Application by visiting the State Grants and Cooperative Agreements program at [www.ohv.parks.ca.gov](http://www.ohv.parks.ca.gov) and select the Grants tab. The OHMVR Division's website will provide further detailed instructions for accessing the preliminary application and submitting comments.

Written comments can be submitted to the OHMVR Division's Website or mailed to: Sierra National Forest, Attn. Susan Burkindine, 1600 Tollhouse Road, Clovis, CA 93611 or [sburkindine@fs.fed.us](mailto:sburkindine@fs.fed.us)

Each year the State of California makes funding available through the OHV Grants Program. The grants program provides financial assistance to eligible agencies and organizations (federal, city, county, nonprofit, etc.) that develop, maintain, operate, expand, support, or contribute to well-managed, high-quality, OHV recreation areas, roads and trails.
