

Payette National Forest 2014 Temporary Jobs Listing

Position Title: Materials Handler
Number of Positions: 1
Location: McCall, Idaho
Salary Range: Varies
Estimated Start & End Date: 5 May to 17 October 2014
Application Due Date: 28 March 2014
Government Housing Available (Y or N): No
Duties: <u>General Duties</u> Ships, receives, distributes, and stores all incoming freight for the Payette Forest. Follows established policies and procedures for receipting and verifying freight shipments. Operates forklifts and other freight handling equipment during loading, unloading, and storing of freight and supplies. <u>Stocking and Inventory</u> Assists the Materials Handler Supervisor in maintaining adequate stocking levels so that needs are met in a timely manner. <u>Issue Equipment</u> Upon request, issues and receives fire related items and other equipment in an accurate and timely manner. Prepares and executes the proper forms and paperwork for each transaction.
Position Requirements: <u>Skills</u> Must have skill in using hand trucks, dollies, and other similar manual equipment to move stock. Skills in using hammers, pliers, and hand tools for opening containers, breaking wire banding and performing similar tasks. <u>Physical Demands</u> The work requires a moderate amount of lifting up to 60 pounds, carrying, stooping, bending, climbing ladders, and walking. Driving forklifts requires normal dexterity and range of motion. Must be physically able to accomplish these tasks in a safe manner. <u>Work Environment</u> The work may be performed inside or outside the warehouse in various weather conditions. Work in the warehouse involves hazards from tripping, falls and working around moving equipment. Safety is a must.
