What is the purpose of these meetings?

- Provide introductory information about Forest Plan Revision
- Provide an opportunity for the public to contribute to the assessment of current conditions and trends affecting our forest

Who should attend?

- Anyone interested in learning more about Forest Plan Revision, especially the initial assessment phase

What is the format?

- Two-hour meetings in the evenings and weekends
- Short presentation by Santa Fe NF staff followed by small group discussions among all attendees about how they use and value the forest

Meetings are open to the public. If you know others who are interested in participating, we encourage you to share this flyer.
