

Technical Soils Seminar: Soil and Ecological Findings in the Central Appalachian Red Spruce Ecosystem

April 9, 2014 9:30 am – 3:30 pm

Canaan Valley Institute (CVI) Davis, WV

<http://www.canaanvi.org>

PRESENTATIONS

Rediscovering Spodosols in the Upper Greenbrier and Cheat River Watersheds in West Virginia

Presenter: James "Skip" Bell, Soil Survey Office Leader (6-MOR) MLRA 127 - Eastern Allegheny Plateau and Mountains Recipient of the 2012 NCSS Soil Scientist Achievement Award

Using ESDs to Describe and Manage the Habitat of WV Northern Flying Squirrel (*Glaucomys sabrinus fuscus*)

Presenter: Jason Teets, USDA-NRCS Ecological Site Specialist, MLRA 127 Soil Survey Office, Morgantown, WV

Forest Restoration Modeling Using Ecological Site

Descriptions

Presenter: Travis Nauman^{1,2}, James A. Thompson¹

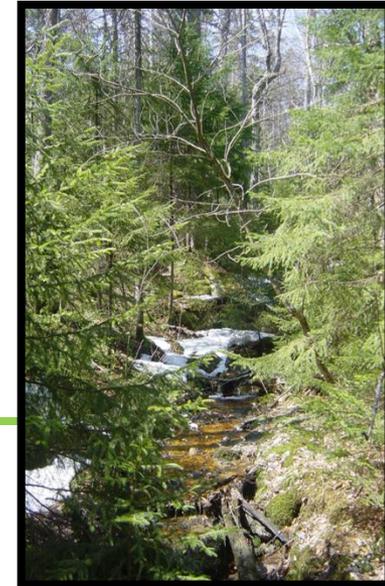

(1) Division of Plant and Soil Sciences, West Virginia University, Morgantown, WV

(2) National Soil Survey Center—Geospatial Research Unit, USDA-Natural Resources Conservation Service, Morgantown, WV

Mapping and Modeling Soil Organic Carbon in the Eastern Allegheny Plateau and Mountains Using

Legacy Data

Presenter: Katey Yoast, Soil Scientist, MLRA 127 Soil Survey Office, Morgantown, WV

AGENDA

- 9:30 AM - 9:40 AM Welcome and Introductions
- 9:40-10:30 AM Skip Bell, NRCS
- 10:30 - 10:45 Break
- 10:45-11:35 Jason Teets, NRCS
- 11:35-12:45 Lunch
- 12:45-1:35 Travis Nauman, West Virginia University
- 1:35-1:45 Break
- 1:45-2:30 Katey Yoast, NRCS
- 2:30-3:30 USFS - Facilitated discussion of applications of soils and ecological mapping of Red Spruce Ecosystem

Join Us in Person at CVI or...On the WEB via USDA-NRCS NSSC Webinar!!!

Questions?? Contact: Stephanie Connolly, Monongahela National Forest, Forest Soil Scientist (304)636-1800 ext. 244 sconnolly@fs.fed.us

Webinar presented by the USDA NRCS National Soil Survey Center in cooperation with USDA Forest Service, Monongahela National Forest and West Virginia University
Workshop sponsored by CASRI (Central Appalachian Spruce Restoration Initiative)
