**Certification of Non-Commercial Trip**

***Please read before signing:*** A river trip is non-commercial if there is a genuine sharing of expenses. No fees, charges, or other compensation collected from individual participants in excess of actual costs or expenses incurred. By contrast, a trip is commercial if anyone on the trip makes a profit, receives a reimbursement or salary, receives rental for use of equipment, or supports, in any part, other programs or activities from amounts received from passengers. Accordingly, fund raising trips are commercial and sponsors will have to arrange for an existing commercial launch from a permitted outfitter. Why the concern? Operating under the disguise of non-commercial boaters, illegal outfitters are stealing carrying capacity space from the private sector for their own profit. They compete unfairly with legitimate outfitters by avoiding use fees, insurance requirements, and the need to comply with standards of the industry. Their guides may or may not be qualified. Their equipment may or may not be safe. Your signature on this form signifies that, to the best of your knowledge, your trip is not commercial. Persons involved in unauthorized commercial operations or falsifying this document are subject to fine and/or imprisonment.
