Dear Jeff

This letter will serve as an amendment to your 2014 Annual Operating Instructions.

Under the AUTHORIZED USE heading the first paragraph will be struck and replaced with the following:

Buckeye C&H: A total of 225 cow/calf pairs will be authorized to graze during the 2014 season under an on/off provision. Use by these livestock will be approximately 73 percent on Forest Service administered land and 27 percent on lands controlled by the permittee for a total of 165 cow/calf pairs under the "on" provision and 60 cow/calf pairs under the "off" provision. Pattern of use on the Buckeye C&H allotment will be unit 2 first, unit 3 second, unit 4 third and finally moving to unit 1. Cattle entering the Buckeye C&H allotment will use the trail on the north side of Buckeye Creek to reduce the risks to the public using the Buckeye Campground.

All other provisions within the Annual Operating Instructions for the 2014 grazing season will remain the same.

Should you have any questions or concerns please contact Aaron Coogan of my office by email at [accoogan@fs.fed.us](mailto:accoogan@fs.fed.us) or by phone at (760) 932-5852.

Sincerely,
