

District_Boundary

Coverage depicts the boundaries of the Ranger Districts found on the IPNF

NationalForest_Boundary

1:24,000 scale coverage delineating the administrative boundary for the Idaho Panhandle National Forests. Coverage created from Cartographic Feature Files.

Office_Locations

Point Locations for Idaho Panhandle National Forests' administrative sites.

Land_Ownership

This shapefile is a combination of the 3 Automated Land Project (ALP) Basic_Ownership feature classes for the Kaniksu, Coeur d'Alene, and St. Joe National Forests. It has been further refined to show some individual owners within the land designated as private in ALP. This shapefile covers ownership within the Idaho Panhandle National Forests' administrative boundary and any Forest Service land outside that boundary.
