### **Hungry Horse District Opens Area for Firewood**

*Personal-Use Gathering on the West-Side Hungry Horse Reservoir Road  
Special Rules Apply*

KALISPELL, MONT - The Hungry Horse Ranger District will open sections of the west-side Hungry Horse Reservoir Road, Forest System Road # 895, from the Hungry Horse Dam to Lid Creek, a stretch of approximately 12 miles, beginning Tuesday, May 27<sup>th</sup> through Friday, June 27<sup>nd</sup>, 2014.

Firewood cutting and gathering will be restricted to designated areas clearly signed along the road. Signs will be posted that say “Entering Firewood Cutting Area” and “Leaving Firewood Cutting Area”.

The standard, Forest Service personal-use firewood permit is available for a minimum of four cords of wood for 20 dollars. Woodcutters must have their permit with them while collecting wood. All rules under the permit apply. Standing or downed trees with signs or paint are not to be cut and all vehicles, including ATV’s, must remain on the road surface.

To prevent damage to the paved roadway and for the safety of people using this busy stretch of road, additional restrictions apply:

- Using rope, cable or chain systems to collect wood is not allowed.
- Do not cut down trees onto the road surface.
- Do not obstruct roadway.

The area will be monitored. Resource damage, such as the loss of marked trees, road damage or the creation of unsafe conditions could result in the closure of this area for firewood cutting. We appreciate the public’s cooperation to make this program a success.

To be sure everyone has a safe and enjoyable woodcutting outing, people visiting the area are asked to spread out, keep a lookout for other people and vehicles, and keep the road open and passable for others.

Information about the woodcutting area as well as firewood permits, are available from the Hungry Horse Ranger District Office, 406/387-3800. For more information on permits please visit:
