Action: Fee Increase

Site Name: Moon Lake

Site Type: Campground

Remarks about the fees: This campground is very popular with repeat visitors. There is a paved road, two flush toilets, water, and garbage collection. The campground is located near a main wilderness portal complex, adjacent to trailheads, and a resort.

Reason for Changing Fee:

Fee increase will make the campground pricing consistent with others on the Forest. This very popular campground was reconstructed in 2012.
