Date: May 21, 2014

Robert Buckingham
Granite Peak Permittees
P.O. Box 11
Paradise Valley, NV 89426

Dear Bob:

The following letter will document your meeting with Boyd Hatch, on April 30, 2014 and will serve as your Annual Operating Instructions (AOI) for the 2014 summer grazing season. The District Ranger must approve any changes to this AOI.

Until the 251 appeal is resolved we will be implementing the 2011 Martin Basin Rangeland Management project decision.

A deferred rest rotation grazing system will be implemented on the Granite Peak C&H allotment. The scheduled dates of use are flexible but a one-week notice must be given before any changes are made in the below dates, unless utilization is met and it's necessary to move to the next unit or moving off the forest. The District Ranger must approve any changes in the planned use.

Granite Peak C&H Permitted Use

<u>Permittee</u>	<u>Class</u>	<u>Permitted #'s</u>	<u>Season of Use</u>
Bar X	C/C	597	5/21 – 9/30
Keystone Ranch, INC.	C/C	253	5/21 – 9/30
Woodie Bell	C/C	200	5/21 – 9/30

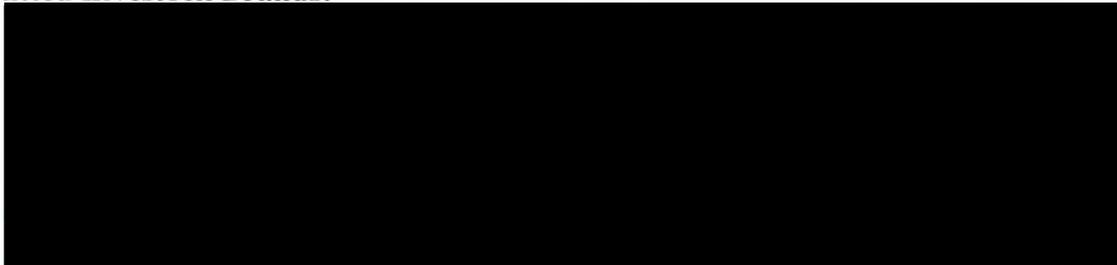

Granite Peak C&H Authorized Use

<u>Permittee</u>	<u>Class</u>	<u>Permitted #'s</u>	<u>Season of Use</u>
Bar X	C/C	597	5/21 – 9/30
Keystone Ranch, INC.	C/C	210	5/21 – 9/30
Woodie Bell	C/C	200	5/21 – 9/30

Pasture Rotation

<u>UNIT</u>	<u>SEASON</u>
Lower Willow Cr.	5/21 – 6/12
South Fork Willow Cr.	6/13 – 7/19
Mullinix Cr./Lower Solid Silver Cr.	5/21 – 7/19
Rebel Cr./ Cottonwood Cr.	7/20 – 8/19
Gabica fork/Upper Solid Silver Cr.	8/20 – 9/14
Upper Indian Creek	9/15 – 9/30
Lower Indian Cr.	Rest
Tom Basin	Rest

Permitted Livestock Brands:**COMPLIANCE:**

This AOI is made part of your grazing permit consistent with Part 1, item 3 and Part 2, Item 8(a). The scheduled dates of use are flexible but a one-week notice must be given before any changes are made in the above dates. Other situations may develop during the grazing season which requires changes to these instructions. If this becomes necessary or if you cannot comply with some part of these instructions, please inform the District Ranger, he must approve any changes in the planned use.

Invasive weeds are becoming a serious threat to the welfare of our rangelands. Your assistance is needed to identify new outbreaks of weed populations and to prevent the establishment of weeds on the forest. Pay particular attention to areas where stock are concentrated such as loading/unloading areas, water developments, and salting areas. We have implemented a Noxious Weed Free Hay order on the forest. This will require any hay that is brought onto the National Forest to be certified free from noxious weeds. All livestock entering the National Forest are recommended to be fed Certified Noxious Weed Free Forage for at least 2 days prior to entering the Forest.

BILLING:

Grazing fees remained unchanged from last year. The fee is now \$1.35 per head month. You are able to pay USDA Forest Service, C/O Citibank, P.O. Box 301550, Los Angeles, CA 90030-1550, online at WWW.FS.FED.US/BILLPAY, or at the district office.

LIVESTOCK MANAGEMENT

Type of Rotation: Deferred/Rest Rotation.

STANDARDS AND GUIDES:

Drought is very likely this summer, and it will be essential that you monitor your utilization and move the livestock prior to meeting the utilization standards below. It is important not to put additional stress on the vegetation by over utilization/grazing. Please keep in mind that if the range does not receive more moisture to support the time frames discussed the livestock may need to come off early this year.

You are responsible for determining when allowable use has been reached and for moving your cattle to the next unit in your rotation or off the allotment when allowable use has been reached. The Forest Service is responsible for monitoring your compliance with allowable use standards. If you need assistance determining use levels or locating key areas, please contact Boyd. All riparian areas on the allotments are considered key areas.

IMPROVEMENTS:

Range improvements listed in part three of your grazing permit must be maintained before cattle enter the allotments and are on the attached map. The maintenance standards listed in part three of your term permit must be followed when maintaining the improvements. As you're doing water trough maintenance please install wildlife ramps in all troughs that currently don't have them. We have several new ramps completed at the Paradise Valley Ranger Station. Please let Dave Kern, or Boyd know when you are going to pick them up and they will make sure they are available.

PERMITTEE INSTRUCTIONS:

Dead livestock must be moved at least 100 yards from water, roads, and trails. Place salt at least ¼ mile from water sources and in areas lightly grazed to encourage an even distribution of utilization on the range. In situations where terrain does not allow proper placement of salt, please contact Boyd and he will determine a suitable location with your input.

REQUIRED REPORTING:

Actual use and range improvement maintenance forms have been included for you to complete and return at the end of the grazing season. Please return the forms following the 2014 grazing season by November 30, 2014.

COORDINATION & COOPERATION:

If you spot a wild fire, report it immediately to the interagency dispatch center in Winnemucca, NV at (775) 623-3444 or 1-800-535-6076.

MAPS, FORMS & ATTACHMENTS:

Allotment map, signature page, actual use form and permit maintenance forms are attached.

OTHER:

As a reminder, approval of requests for permittee convenience nonuse is not automatic and the authorized officer should discuss the reasons for the nonuse request with the permittee. Approval of a request for permittee convenience non-use must be in writing by the authorized officer. Full or partial permittee convenience nonuse may be approved by the authorized officer for no more than three consecutive years and not more than four years in any ten year period.

If you have any questions or concerns this grazing season, please call Boyd at (775) 623-5025 x 119.

Sincerely,

A handwritten signature in blue ink, appearing to read "Duncan Leao". The signature is fluid and cursive, with the first name "Duncan" being more prominent than the last name "Leao".

DUNCAN LEAO
Acting District Ranger

ANNUAL OPERATING INSTRUCTIONS

2014

GRANITE PEAK C&H

SANTA ROSA RANGER DISTRICT

Recommended by: _____ Date: _____
Rangeland Management Specialist

Accepted by: _____ Date: _____
Permittee

Approved by: _____ Date: _____
District Ranger

Please sign and date this cover sheet and return to my office. Upon signature by the District Ranger, these Annual Operating Instructions are hereby made a part of your Term Grazing Permit.

As permittee, my signature on these Annual Operating Instructions certifies that there is no change to my permitted livestock or base property ownership as described in my grazing permit.
