The Minnow Ridge ORV trail No. 1524 will be temporarily closed during replacement of two trail bridges. The work is anticipated to be completed in two weeks. The entire length of the Minnow Ridge Trail, from the Trailhead on Forest Road 6210 to the Trail junction with the Chickamin ORV Tie No. 1561 and Chickamin Creek ORV No. 1534, is close (see attached map).

This trail is located in the Lake Wenatchee area of Washington State and is part of the larger Mad River – Lower Chiwawa ORV trail system. Two timber trail bridges located on the upper portion of the Minnow Ridge trail which cross Chickamin Creek will be replaced. This project will maintain access to the area, improve visitors riding experience, and provide for public safety.
