

File Code: 2430
Yen Stewardship (IRTC)
Date: August 29, 2014

Dear Prospective Offeror:

An error has been discovered in Special Provision **KT-CT.3.5.7# (Option 1) – Individual Tree Designation**.

Specific language was inadvertently left out of the provision stating that any Ponderosa pine 23.3 inches stump diameter or larger, are not to be considered included timber. These trees were not cruised, and are not included in the volume estimates for this contract. This language was fixed and has been uploaded to the website. All ponderosa pine 23.3 inches and greater stump diameter have now been Marked with orange tracer paint.

Due to this error, we are giving Prospective Offerors an additional week to submit bid packages. All price and technical proposals for the Yen Stewardship project are due no later than **11:00 am Tuesday, September 16, 2014**.

Please contact Jimi Gustafson at 541-383-4741 with any questions.

Sincerely,

AMY LOWE
Contracting Officer
