Happy Camp Complex Closure Area Reduced

Yreka, CA – The Forest Order closing public lands within and adjacent to the Happy Camp Fire Complex has been amended to increase the amount of National Forest land available to recreationists and hunters.

The new closure order opens more than 100 square miles of forest land on the west side of the fire area. In order to provide for public safety, the east side of the closure remains the same except Scott River recreation sites are now open.

The new order and map are available at <http://www.fs.usda.gov/alerts/klamath/alerts-notice>.
