Dear Prospective Purchasers of National Forest Timber:

The attached Timber Sale Program Announcement for FY15 represents the various tracts of timber planned to be offered for sale on the Chequamegon-Nicolet National Forest for the period beginning October 1, 2014 and ending September 30, 2015. This planned sale program for FY15 will include a mix of species/products.

Reconnaissance of areas affected by severe storms across the entire Forest September 4, 2014 is ongoing. If it is determined that salvage operations are appropriate these areas will receive the highest priority for offer. This may result in the delay of planned offerings enclosed, particularly those in the second six months. If salvage opportunities are identified information will be made available.

At present, we have not established any small business set-aside sales. Should further analysis determine the need for a set-aside program, you will be notified.

Sales with a decision date and no "Remarks" shown in the area above the volume information are covered under an approved environmental document and the decision to offer the sale has been made. The remaining sales are tentative, and offering of them will depend on the results of an environmental analysis yet to be completed or they are pending the outcome of appeals or litigation (see the "Remarks" on these sales).

We are no longer asking that you select the sales of interest to you. Based on your previous years' responses, we have generated "East Side", "West Side" and "All Sales" mailing lists. These lists will be used to determine distribution of prospective bidder letters at the time of sale advertisement. If you wish to verify that you are on your desired mailing list, please contact Kristi Keach at 715-362-1327.

More detailed information concerning each tract can be obtained at the time of advertisement from this office or from the districts involved. The district information is as follows:
