### Job Descriptions:

**Title:** Biological Science Technician (Fisheries), GS-0404-04

**Vacancy Announcement #:** 15-TEMP-R40404-4-FISH-DT-PM

**Duty Location:** Duchesne, UT

**Job Duration:** June 1, 2015 – end of September 2015

**Work Schedule:** 40hrs/wk., Monday-Friday

**Pay Rate:** \$13.55/hr.

**For More Information Contact:** Ron Brunson at 435-781-5202 or [rbrunson@fs.fed.us](mailto:rbrunson@fs.fed.us)

**Position Description:** Fisheries Technician in Duchesne (two positions): The anticipated start date is early June 2015 with an expected end of season date of late September 2015. These positions will entail conducting aquatic species and habitat surveys. This will include surveys for amphibians, fish, and aquatic macroinvertebrates beginning in early June and continuing through August. Many survey locations will be accessed by hiking mountain trails to access high elevation basins within the High Uintas Wilderness. Surveys will require wading in streams and wetland areas to sample aquatic species and collect field data. Field work will typically be conducted with a crew of two technicians and/or the District Fisheries Biologist. Limited time working alone may be required. Access to survey locations will be by four-wheel drive truck and backpacking. Several trips of 4 – 5 days into the High Uintas Wilderness to access high elevation basins (10,000ft +) for surveys will require backpacking. Must possess a valid state driver's license and be able to hike up to 12 miles per day in rugged terrain carrying a 30 – 40 lb. backpack.

**Housing:** Seasonal government housing is available and will consist of a 10-20 person bunkhouse in Duchesne. Housing costs will be approximately \$5.00 per day.

**Title:** Biological Science Technician (Fisheries), GS-0404-05

**Vacancy Announcement #:** 15-TEMP-R40404-5-FISH-DT-PM

**Duty Location:** Duchesne, UT

**Job Duration:** June 1, 2015 – end of September 2015

**Work Schedule:** 40hrs/wk., Monday-Friday

**Pay Rate:** \$15.15/hr.

**For More Information Contact:** Ron Brunson at 435-781-5202 or rbrunson@fs.fed.us

**Pay Rate:** \$13.55/hr.

**For More Information Contact:** Dan Abeyta at 435-781-5130 or djabeyta@fs.fed.us

**Position Description:** The Ashley National Forest is seeking Biological Technicians for the 2015 summer field season for Northern Goshawk Monitoring and Inventory Surveys. The Northern Goshawk is a management indicator species for the Ashley NF and is monitored yearly to assess the effects of forest management activities. Field work for this study will encompass monitoring Northern Goshawk territories in forest stands

using an established monitoring protocol. This position involves performing nest checks, chick counts, and fledgling counts to known goshawk nests; goshawk inventory surveys using broadcast calling techniques; and conducting Three-toed Woodpecker and Flammulated Owl surveys to determine presence/absence of the species. Other activities involve nest searching, orienteering, raptor and songbird identification, and plant identification. A compass, GPS units, and maps will be used in the field for navigation to nest sites and calling stations.

These positions are field-based with little to no office work. Field work will be conducted in remote areas, on uneven and rugged terrain, occasionally at night, and will require the safe operation of a 4X4 vehicle. Field work will be conducted in crews of two however situations may arise where work will have to be performed independently. Daily supervision and guidance will be provided by the supervising biologist.

Field work for these positions is extensive and applicants must possess the physical fitness to hike several miles a day with a 30 lb. backpack in remote mountainous country and have the willingness and ability to learn off-trail navigation with a map, compass, and GPS unit. Applicants must be capable of working independently and with others. During the field season the incumbent spends considerable time outdoors where he/she will encounter variable weather conditions and exposure to insects. Applicants must also be willing to work long (and sometimes inconsistent) hours in the field, have a strong work ethic and enthusiasm, be able to tolerate harsh field conditions, and have the ability to collect precise and accurate data. Applicants must hold a valid state driver's license.

**Housing:** Seasonal government housing is available and will consist of a camp trailer set up in an RV park in town with amenities. Housing costs range from approximately \$8.00 to \$12.00 per day.

**Title:** Biological Science Technician (Wildlife), GS-0404-05

**Vacancy Announcement #:** 15-TEMP-R40404-5-WLDL-DT-PM

**Duty Location:** Vernal, UT

**Job Duration:** May 3, 2015 - August 21, 2015

**Work Schedule:** 40hrs/wk., Monday-Friday

**Pay Rate:** \$15.15/hr.

**For More Information Contact:** Dan Abeyta at 435-781-5130 or [djabeyta@fs.fed.us](mailto:djabeyta@fs.fed.us)

**Position Description:** The Ashley National Forest is seeking a Biological Technician to lead and supervise a two to three member goshawk crew for the 2015 summer field season. This position will require extensive field work, supervising capabilities, and some office time to complete inventory reports. The Northern Goshawk is a management indicator species for the Ashley NF and is monitored yearly to assess the effects of forest management activities. Office work may require familiarity with Microsoft word, Microsoft excel, GIS skills, and preparation for field work. Field work for this study will encompass monitoring Northern Goshawk territories in forest stands using an established monitoring protocol. This position involves performing nest checks, chick counts, and fledgling counts to known goshawk nests; goshawk inventory surveys using broadcast calling techniques; and conducting Three-toed Woodpecker and Flammulated Owl surveys to determine presence/absence of the species. Other activities involve nest searching, orienteering, raptor and songbird identification, and plant identification. ## HOW TO APPLY

These appointments are temporary seasonal positions. The vacancy announcements will be posted on USAJOBS at [www.usajobs.gov/](http://www.usajobs.gov/).

To apply for a job, there are four basic steps:

1. **CREATE AN ACCOUNT** - Enter your profile information and create or upload a resume. Please note that you do not need to create a "My Account" to search for jobs, but you must create an account to apply for jobs online. You will need to request a user ID and password. Allow yourself at least two days before the application deadline to complete this process to ensure you have time to get your application submitted.
2. **SEARCH JOBS** – Use basic search to enter in job and location keyword information from the USAJOBS home page. Or you can use the advanced search function which allows you to search by vacancy announcement number or series and grade. Review the job opportunity announcements and note those of interest. Carefully review the "Qualification and Evaluation" section to determine whether you will

qualify for the position. GS-3 positions are entry level positions. As the grades get higher (GS-4, GS-5, etc.), they require more specialized experience or qualifications.

3. **APPLY FOR JOBS** – Carefully follow the instructions in the “How to Apply” section for each announcement. You may store up to five uploaded or “resume builder” created resumes in your profile. Submit any additional documentation to verify your qualifications such as transcripts, SF-50 Notification of Personnel Action, and/or Veterans’ Form DD-214. **You must identify a duty location of Vernal, UT or Duchesne, UT to be considered for the above positions.** If you do not choose the location you want, your name will not appear on the list of applicants we receive.
4. **MANAGE YOUR CAREER** – Log into your account to obtain application status for positions for which you have applied. Contact the agency for specific follow-up questions or those related to the particular job. You may also contact agency personnel regarding the position. However, please note that we do not see your application until the vacancy announcement has closed and we have requested a list of candidates. Only those applicants that are qualified for the position will be referred to the hiring official.
