Superior National Forest - Devil Track Lake

Description

Devil Track Hunter Walking Trails were developed for the conservation of ruffed grouse and woodcock and to provide hunting opportunities for these upland birds. They also provide good habitat for birders to observe these and other species.

When hunting, be aware of others using the area and obey all state regulations.

1. Plan ahead and prepare. Remove flagging.
2. Use trails when possible.
4. Minimize use and impact of fires.
5. Respect wildlife.
6. Leave what you find. Sight-in rifles away from hunting areas, don’t use signs, trees etc. as targets.
7. Be considerate of other visitors. Be aware of your field of fire and where other trails are located.
