Silviculturist

GS-0460-11

Mark Twain National Forest (USDA – Forest Service) is planning to fill one GS-0460 Forester (Silviculture) position, to be located in Potosi, Missouri at the Potosi-Fredericktown Ranger District.

This position will have the responsibility for the development and review of silvicultural plans and programs including compartment prescription, reforestation, timber stand improvement, and tree improvement, as well as participation in NEPA planning for integrated vegetation management projects.

Major duties will include:

- Makes on-the-ground examinations and analyses of forest areas to determine which areas requires short- or long-range cultural treatment in terms of the total ecosystem.
- Provides advice, technical support, and evaluation of proposed and ongoing timber sale programs to prevent loss of timber productivity and damage to the environment.
- Plans, coordinates, and administers the technical phases of forest area control of animals, insects, or diseases affecting reforestation and regeneration programs.
- Serves as a full member of the unit management team and shares in setting unit goals and objectives and developing overall unit plans.
- Plans, coordinates, and evaluates the timber stand improvement program; prescribes cutting practices based on an examination of stand conditions and esthetic or other resource requirements.
- Inspects all phases of reforestation and stand improvement projects; appraises the degree of conformance with policies, procedures, and silvicultural plans; and recommends corrective action as required.
- Participates in preparation and review of environmental analyses.
- Coordinates silvicultural needs with other resource specialists.
- Maintains liaison with employees of Federal and State governments, local officials, and private organizations or landowners who are affected by, or have a shared interest in, the Forest land management practices and problems in the forest area; provides technical assistance on mutual reforestation problems.
- Plans, coordinates, and conducts training on silvicultural principles and practices, including planting and seeding procedures; ground and seedbed preparation techniques; timber stand

improvement techniques, and the influence of various factors on the kind and timing of silvicultural treatment necessary and appropriate to achieve multiple-use land management objectives.

- Supervises one Forestry Technician (TSI/Reforestation).

Several resource programs have been zoned between the Potosi-Fredericktown and Salem Ranger Districts. A certain degree of interaction and coordination with the Salem Ranger District will be required by this position. The Salem Ranger District is immediately adjacent to the Potosi Unit; the Salem office is about 1.5 hours to the southwest of Potosi.

ABOUT THE FOREST:

[Mark Twain National Forest](#) is made up of six ranger districts, mainly located in the southern third of the state. The Forest Supervisor's Office is located in Rolla, Missouri. The Forest contains approximately 1.5 million acres, comprised mainly of upland hardwoods and some associated shortleaf pine. A full range of vegetation and recreation management activities on the forest include timber harvest and regeneration activities, TSI, prescribed fire, developed and dispersed recreation, and mining.

DISTRICT INFORMATION:

The Potosi-Fredericktown Ranger District is comprised of two units with over 285,500 acres of federal ownership. It is located in eight Missouri counties: Bollinger, Crawford, Iron, Madison, Reynolds, St. Francois, St. Genevieve, and Washington..

The Potosi unit offers many developed and undeveloped sites for camping and picnicking. Council Bluff Recreation Area is the largest lake in the Mark Twain National Forest. It is a beautiful 440 acre lake, encircled by a 12 mile moderate hiking and mountain biking trail. Boar Ridge Campground along the spine of a forested Ozark ridge above the lake, offers a unique camping experience.

Courtois and Huzzah Creeks are well-known "floating" streams, typical of the Ozarks, and much-loved by canoeists who flock there in summertime for the crystal clear water. A portion of the Ozark Trail traverses the District, and the segment encompassing the Berryman Trail is popular for mountain biking events. The 9,183 acre Bell Mountain Wilderness has beautiful views and challenging trails in a secluded and primitive setting.

The Fredericktown unit features the rugged St. Francois Mountains and St. Francis River. In spring, the "shut-ins" at Silver Mine are a magnet for kayak enthusiasts, who take advantage of the high water rapids. Marble Creek provides a quiet campground for family outings, and Crane Lake welcomes hikers to take the trail around it as part of their trek along the Ozark Trail. Rockpile Mountain Wilderness offers 4,240 acres of heavily-forested land, including some of the state's last remaining virgin forest nestled in a narrow gorge.

ABOUT THE COMMUNITY:

Potosi, Missouri: Located in the scenic rolling hills of east-central Missouri, the city was founded in 1763 by a group of French settlers. A lead mining settlement, *Mine au Breton*, was first located at this spot; the name was later changed to that of the Bolivian silver mining city of *Potosi*. Population: 2,658 (as of 2012). Potosi is 70 miles south of St. Louis; 67 miles east of Rolla – the location for the Supervisor's Office.

No government quarters are available, but the area offers many opportunities for purchase or rentals; land can be obtained at relatively low prices. Median prices for homes are \$65,000.00 to \$100,000.00; a majority are three-bedroom homes, with some two-bedroom homes. Rental houses and apartments are about \$400 to \$500 per month plus utilities.

About a third of the employees have farms and live within about 30 minutes of Potosi. About half of the employees live in the Park Hills-Farmington area, about 30 minutes to the east of Potosi. Park Hills and Farmington are full service communities and are only 40 minutes from the southern suburbs of St. Louis. A few employees live as far away as Rolla and the St. Louis suburbs.

Schools: Two Junior colleges are within commuting distance. Kindergarten thru high school with an AAA rating, good courses and extracurricular activities. Potosi also has a public library.

Medical Facilities: Washington County Memorial Hospital located in Potosi. Twelve doctors and three chiropractors; one dentist's office. World reknown medical care is available in St. Louis and its suburbs.

Churches: Baptist, Methodist, Presbyterian, Catholic, Lutheran, Church of God, Pentecostal, and others.

Sports and Events: Youth basketball, football, and baseball. A 9-hole golf course at Fourche Valley Golf Club. Nearby St. Louis offers opportunities to enjoy professional sports (Cardinals, Rams, and Blues) along with museums, parks, a zoo and the famous Gateway Arch.

Climate: Washington County enjoys the beauty of all four seasons. Warmest month (July, 86/67 degrees); coolest (January, 40/21 degrees). Average rainfall (44 inches); average snowfall (15 inches).
