

Outreach Notice - Flathead National Forest

Requesting Your Interest in Our Temporary Job Vacancies

The Flathead National Forest is expecting to fill multiple temporary positions during the 2015 field season. Most temporary positions start in late May and last through September (with end-date exceptions made for students). Dates will vary slightly based on the position. Many of these temporary positions require prolonged physical exertion in rough terrain. This work is often performed outdoors in variable weather conditions including rain, snow, and summer heat.

Candidates are encouraged to apply to any or all temporary positions in which they might be interested. **Vacancies are not yet posted.** The vacancies contained in this outreach will be available online at <http://www.usajobs.gov> during two one-week windows. Candidates must set up an account at USAJobs to apply. Candidates are encouraged to set search criteria for their profile, such as location and series, so that they can receive announcements when jobs are posted. Candidates should also contact the supervisors listed in this outreach to ensure that they do not miss a posting. The following link provides a short video tutorial for application procedures: http://youtu.be/HYSZ_pfUK4.

For more information on how to search for and apply for positions, visit the forest webpage at www.fs.usda.gov/main/flathead/about-forest/jobs.

Programs may be hiring one or more of the following temporary positions:
