Prospective Purchasers and Interested Parties
Chippewa National Forest

Enclosed is the periodic Timber Sale Announcement for the Chippewa National Forest. Included are planned sales to be offered October 1, 2014 through September 30, 2015.

Sales with a date listed in the DATE OF DECISION column are firm, have an approved Environmental Assessment and the decision to make the sale is final.

Analysis of past sales on the Chippewa shows no need for Small Business Set-Aside Sales for the upcoming six-month period.

Our tentative program for Fiscal Year 2015 is approximately 75,000 CCF (hundred cubic feet), which is approximately 46 MMBF (million board feet).

There will also be stewardship contracts offered again this fiscal year. Stewardship contracts are a tool available to the Forest Service to enhance and restore landscapes by using the value of traded goods (timber) for important restoration work on the ground (services). The Stewardship Contract Prospectus will describe both the timber sale information and the service contract specifications. Potential purchasers are encouraged to seek additional information and consider this method of procuring Forest Service timber. These types of contracts will be awarded on a best-value basis and require a technical proposal.

More detailed information concerning each sale may be obtained from this office or from the Ranger District involved. For those of you that prefer, we will also be posting timber sale information on the Chippewa National Forest Website at www.fs.usda.gov/chippewa. Updates will be posted throughout the fiscal year.
