Bald Rock Picnic Area on London District offers a great place for picnicking as a group. Four picnic sites offer a place to rest and eat. Visitors can enjoy hiking trails, volleyball and horseshoes. Hikers can enjoy nearby Sugar Tree Hollow Trail #407 and Cane Creek Trail #410.

**Bald Rock Fire Tower** - At one time the Bald Rock Picnic Area was the site of a fire lookout tower. The tower was one of fourteen lookouts that provided a view of the entire National Forest.

Towers were staffed during times of high fire danger. Lookouts spent their days scanning the horizon for signs of fire, reporting any "smokes" to a dispatcher who quickly sent fire fighters to the blaze.

The Bald Rock Fire Lookout Tower was in use from 1936 until 1970, when it was replaced by a system of aerial observation.
