Little Lick Horse Camp on London Ranger District is a favorite destination for campers who also enjoy horseback riding on Little Lick Trail #502 and Nathan McClure Trail #530. The campground is located on a long ridgetop in the southeast corner of Pulaski County, Kentucky, just north of the Cumberland River.

Little Lick Campground provides four family camping areas and two double campsites. The campsites have tent pads, fire rings, lantern posts and picnic tables. The well with a hand pump is for livestock watering only. You will need to bring your own drinking water, and plan on packing out your trash.

**Negative Coggins Test Required.** The Kentucky Department of Agriculture requires a negative Coggins or similar test for equine infectious anemia and a valid certificate of veterinary inspection.

**CAUTION:** Low lying areas are prone to flooding, so be alert for flooding when crossing streams and when using the Nathan McClure Trail in this area.
