You are responsible for your own safety.

All outdoor activities have inherent risks and you may encounter a variety of unexpected and/or dangerous conditions. It is your responsibility to be informed and take precautions. Learn more at www.fs.usda.gov/r8.
These trails are located near Holly Bay Marina on Laurel River Lake. Laurel River Lake is located on London Ranger District and features 5,600 acres of clear, deep water and nearly 200 miles of tree-lined shore. Visitors can enjoy boating, swimming, fishing and camping in the great outdoors.

Holly Bay Marina is a full-service marina offering rental boats, camping and fishing supplies, fishing licenses, and maps of the lake. Holly Bay Campground is located on the west side of Laurel River Lake, about two miles north of Laurel River Dam. The campground is very popular because of its sheltered, wooded sites and close proximity to the lake.

The U.S. Forest Service administers the lake and surrounding shoreline. The U.S. Army Corps of Engineers oversees the operation of the lake’s dam and nearby recreation facilities, including a picnic area and a swimming beach at the spillway.

**Wintergreen Trail #480** is a loop trail that begins and ends at the Holly Bay Campground amphitheater. The trail provides access to Laurel River Lake. The first 200 yards of the trail are paved. The trail loops around the west side of the amphitheater and follows a small drainage area rich with ferns. The trail then joins the Sheltowee Trace National Recreation Trail #100 (Section 26) and skirts the edge of the lake below H-loop of the campground. Wintergreen Trail leaves the Sheltowee Trace and returns uphill. A short spur trail #480A returns to the amphitheater parking area.

**Begins:** Holly Bay Amphitheater  
**Ends:** Holly Bay Amphitheater
