

# HYALITE CANYON AREA WINTER RECREATION 2013-2014 SEASON Gallatin National Forest

- Gallatin National Forest lands
- State lands
- Private lands

**TRAIL DIFFICULTIES** are identified on the map with colored lines and symbols. During unusual snow conditions, ratings may be different.

**EASIEST:** Trails with relatively little challenge and can be negotiated by most skiers. Skiers can expect wider vegetation clearances and fairly flat grades with occasional short uphill and downhill pitches. Snow conditions can be variable.

**MODERATE:** Trails with moderate challenges that require intermediate skiing ability and techniques. Skiers need to expect steeper grades, reduced vegetation clearances, and more limited room to maneuver. Snow conditions can be variable.

**DIFFICULT:** Trails with difficult challenges that require advanced skiing ability and techniques. Skiers need to expect steep terrain, little room to maneuver, narrow vegetation, and inconsistent snow conditions.

- ### LEGEND
- Roads routinely plowed (Snowpacked and icy; not sanded)
  - - - Roads Intermittently plowed (Single Lane; snowpacked and icy; not sanded; traction devices recommended)
  - WINTER SPEED LIMIT 25 MPH. DRIVE DEFENSIVELY**
  - Ski/snowshoe trail - easiest level
  - Ski/snowshoe trail - moderate level
  - Ski/snowshoe trail - difficult level
  - - - Other summer trails
