**KNOW BEFORE YOU GO!** It is your responsibility to know the hazards and regulations involved in your activities and to use proper safety procedures and equipment to minimize the inherent risks and hazards related to your activity.

**NOTICE TO FOREST USERS** You have the responsibility for your own safety during any activity you choose to pursue. The Forest Service installs signs and other information devices at various locations where site conditions warrant. However, the size of the National Forests and the variety of natural and human-made conditions limit placement of signs and specific warnings. Be aware that snow and weather conditions are constantly changing and conditions can vary from day-to-day.

Hazards include, but are not limited to: changing weather conditions, snow, avalanches, landslides, caves, cliffs, falling trees, open water, thin ice, recreation site facilities, becoming lost or over exerted, hypothermia and changing road and trail conditions. You may be exposed to the unreasonable acts of others. The Forest Service cannot control all of these events or occurrences.

Winter Regulations include, but are not limited to: ATV restrictions, other motorized/mechanized closures, and special Sno-Park restrictions.

For further Information, call the Deschutes National Forest Headquarters at 541-383-5300.
