## Birds of Perry County

Great Blue  
Heron

**America's Great Outdoors**

**Forest  Service**  
United States Department of Agriculture

# Using the Checklist

The first column after the bird's common name is evidence of the bird's breeding status in our area.

**CO** = Confirmed breeding evidence

**PR** = Probable breeding evidence

**PO** = Possible breeding evidence

**OB** = Observed, no breeding evidence

This shows highest breeding evidence value from published 1985-1990 breeding bird atlas data and draft 2005-2010 atlas data. (Available at <http://www.pwrc.usgs.gov/bba/>)

The third and fourth columns are the genus and species of the bird. The fifth column shows the bird's status in Indiana as of 2009. (Available at [http://www.in.gov/dnr/fishwild/files/Birds\\_Of\\_Indiana.pdf](http://www.in.gov/dnr/fishwild/files/Birds_Of_Indiana.pdf))

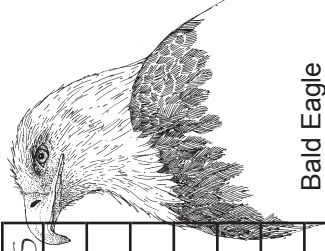

FC = Federal Candidate FE = Federal Endangered

FT = Federal Threatened SC = State Special Concern

SE = State Endangered X = Exotic/Introduced

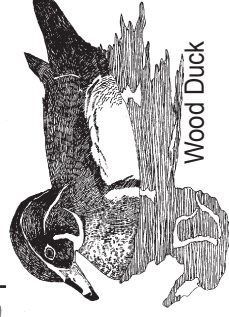

Bird abundance will vary seasonally, and often from year-to-year as well. Actual abundance is often distinct from detectability. Some species may be common but secretive and only rarely seen. Others may be numerically sparse, yet highly vocal or otherwise conspicuous.

FOUND	COMMON NAME	EVIDENCE	GENUS	SPECIES	STATUS
	Acadian Flycatcher	PR	Empidonax	virescens	
	American Black Duck	PR	Anas	rubripes	
	American Coot	PO	Fulica	americana	
	American Crow	CO	Corvus	brachyrhynchos	
	American Goldfinch	PR	Spinus	tristis	
	American Kestrel	CO	Falco	sparverius	
	American Redstart	PO	Setophaga	ruticilla	
	American Robin	CO	Turdus	migratorius	

Bald Eagle

FOUND	COMMON NAME	EVIDENCE	GENUS	SPECIES	STATUS
	Summer Tanager	CO	Piranga	rubra
