Dear Prospective Purchasers of National Forest Timber:

The attached Timber Sale Program Announcement represents the various tracts of timber that are planned to be advertised for sale on the Chequamegon-Nicolet National Forest for the period beginning April 1, 2015 and ending March 31, 2016. This Announcement reflects the Forest's preferred offering schedule to meet an annual sale program of 80 MMBF as well as our commitment to making salvage volume a priority for recovery of economic value and restoration of forest health conditions.

For the purposes of converting hundred cubic feet (ccf) in this report to cords, use the following:

Pulpwood ccf divided by .79 = Pulpwood cords

At present, we have not established any small business set-aside sales. Should further analysis determine the need for a set-aside program, you will be notified.

Sales with no "Remarks" related to Environmental Analysis or litigation are covered under an approved environmental document, and the decision to offer the sale has been made. Thirteen Salvage Sales resulting from storm damage incurred in September 2014 are included in this announcement. Eight of these sales, representing 22.8 MMBF, are intended for offer before September 30, 2015. The offering of these sales is subject to the completion of site specific Environmental Analysis. If delays occur that prevent the offering of these sales the Forest is prepared to substitute other volume from previously completed Environmental Analyses.

We are no longer asking that you select the sales of interest to you. Based on your previous years' responses, we have generated "East Side", "West Side" and "All Sales" mailing lists. These lists will be used to determine distribution of prospective bidder letters at the time of sale advertisement. If you wish to verify that you are on your desired mailing list, please contact the Chequamegon-Nicolet National Forest Resource Specialist at 715-362-1327.

More detailed information concerning each tract can be obtained at the time of advertisement from this office or from the districts involved. The District contact information is as follows:
