

Chequamegon/Nicolet National Forest - Bagley Rapids

Description

If you enjoy listening to the soothing sound of flowing water, you will appreciate this campground. About one-third of the 30 campsites are located adjacent to the Oconto River. Trout fishing, berry picking, rafting, canoeing, and sightseeing can all be done in or near this campground. Weekends bring the most campers, with only moderate use occurring during the week. So come and relax among the pines and enjoy the sound and beauty of Bagley Rapids. The Green Lake picnic area is directly across Highway 32 for swimming. NOTE: A separate fee is required at Green Lake for parking.

Lakewood Ranger Station
15085 State Hwy 32
Lakewood, WI 54138
