EXPLORE YOUR AMERICA

# Chequamegon/Nicolet National Forest - Boot Lake

## Description

Boot Lake campground overlooks a scenic 263-acre lake. Bask in the sun on the beautiful beach and then take a relaxing dip in the lake, or enjoy the fishing. Boot Lake contains walleye, northern pike, bass, musky, and panfish. In addition, several nearby streams offer excellent trout fishing, and the Wolf River provides fishing, kayaking, rafting, and first-class canoeing opportunities. The Jones Spring non-motorized area is nearby, and offers hiking, hunting, and cross-country skiing. Generally, use at this popular campground is heavy throughout the summer.
