

Listening Session Comment Form

www.fs.usda.gov/olympic

This comment form is for those who are not able to attend the Northwest Forest Plan Revision Listening Session in Olympia, WA, on April 28.

What is the purpose of the Listening Session?

Olympic National Forest's Plan is not currently in revision and no revision schedule has been set. We are interested in early input that might help develop a strategy for coordinating Forest Plan Revisions across the Northwest Region.

What will occur at the Listening Session?

Participants will view two presentations – 1) Planning; 2) Science
The presentations can be viewed on [the US Forest Service Region 6 website](#)

Listening Session participants will address the following questions:

What should be considered in the revision process?
How can people access information about how science is incorporated into the revision process?
How should governments, stakeholders, the public, and interested parties be involved and collaborate at the Forest Plan revision scale?

All comments must be received by COB May 8, 2015. Please mail comments to:
