Forest Plan Revision Public Workshop

Kamiah, Idaho (May 11, 2015) –The Nez Perce-Clearwater National Forests will hold a public workshop to update the public on forest plan revision, on Saturday, May 30, at the Grangeville Forest Service Office on Airport Road, from 9 am to 2 pm.

The current Nez Perce and Clearwater forest plans were written in 1987 and the forests were administratively combined in 2013, resulting in the need for revision. The Nez Perce-Clearwater National Forests are now in the process of developing alternatives to the proposed action, which was released for public review and comment in July 2014. These alternatives, and further refinement of the proposed action, will appear in a Draft Environmental Impact Statement (DEIS) in the fall of 2015.

Cheryl Probert, the new Nez Perce-Clearwater National Forests supervisor, and other planning team members will be on hand to provide an update and to answer questions about the current status of forest plan revision.

For further information please visit the revision website at:
