These roads are open only to motor vehicles licensed under State law for general operation on all public roads within the state.

Roads Open to All Vehicles:

These roads are open to all motor vehicles, including smaller off-highway vehicles that may not be licensed for highway use (but not to oversize or overweight vehicles under State traffic law).

Trails Open to All Vehicles:

These trails are open to all motor vehicles, including both highway legal and nonhighway legal vehicles.

Trails Open to Vehicles 50 inches or Less in Width:
These trails open only to motor vehicles less than 50 inches in width at the widest point on the vehicle.

Trails Open to Wheeled Vehicles 50' or less in Width:
These trails are open only to wheeled, motor vehicles less than 50 inches in width at the widest point on the vehicle.

Trails Open to Motorcycles Only:
These trails are open only to motorcycles. Sidecars are not permitted.

Special Vehicle Designation:

This symbol indicates the road or trail is open to classes of vehicles other than those listed above. Refer to the Seasonal and Special Designation Table for further instructions.

Seasonal Designation:

This symbol, used in conjunction with one of the other road or trail symbols, indicates that the road or trail is open only during certain portions of the year. Refer to Seasonal and Special Designation Table for further instructions.

Dispersed Camping/Game Retrieval:

Dispersed Camping/Game Retrieval, Both Sides
Dispersed Camping/Game Retrieval, Left Side
Dispersed Camping/Game Retrieval, Right Side
This symbol is used along with a designated road or trail to indicate limited cross-country motor vehicle use within a specific distance of that route, solely for the purpose of dispersed camping and/or game retrieval. The dots indicate where this activity is permitted. They may be on the left, right, or both sides of the route. Refer to the Dispersed Camping/Game Retrieval Table for specifics.

Other Public Roads and Trails:

Interstate
Highways, U.S., State, County
Other Public Roads
Other Public Trails

These symbols are used to show routes the Forest Service does not have jurisdiction over and has not designated for motorized use. These symbols are part of the reference layers showing connections to towns and cities outside the forest boundary.

Short Route Identifier:

This symbol is used for roads that are too short to show a symbol type on the map. The symbol contains the number of the road or trail. Users should refer to the corresponding number in the Short Route Table for designation information.

Milepost Marker:

This symbol is used to display the beginning and ending mileposts of a road that has a change in the designation but not the symbology.

Motorized Trail Access:

This symbol indicates a trailhead for access to a motorized route. Not all motorized routes have trailheads and those that do may range from primitive to developed.

Areas Open to Cross Country Travel:

These are areas on National Forest System land that allow cross-country travel by motorized vehicles. Specific vehicle classes and seasonal designations may be indicated in the Seasonal and Special Designation Table.

Dispersed Camping

Motor vehicle use off of designated roads for the purpose of dispersed camping is permitted for up to 300 feet from the centerline of the road, allowing the same vehicles as the road allows and the same season as the road is open.

Motorized access for dispersed camping is allowed only on National Forest System land.

This applies to the following roads:

958, 959, 962
