

**Notice of Correction – Contract Bid Form Type:  
Tumbler Timber Sale – Pleasant Hill Ranger District**

**June 18, 2015**

A mistake was found in the timber sale package for the Tumbler Timber Sale advertised on June 7<sup>th</sup>, 2015. This sale was advertised as a “Total Value Bid” sale at that time and should have been advertised as a “Unit Rate Bid” sale. At this time we are notifying all timber sale bidders of this discrepancy and we will also be updating our “Active Timber Sales” website with this change. Please reprint the Bid Package to assure that you have all correct information. The bid opening date for Tumbler Timber Sale will not change from the July 7, 2015 date at 02:00 PM.

This correction does not change any other aspects of the timber sale other than the format of the bid (each advertised species will receive a bid that is equal to or above the Advertised Rate). If you require any other information please feel free to access the information for this timber sale at <http://www.fs.usda.gov/osfnf/> under Active Timber Sales.

If you have any questions on this please call.

Thank you,

Mark Burge

Sales Forester - OSFNF
