Lake and Fishing Directory

Beaverhead-Deerlodge National Forest

You can experience some of Montana's best fishing on the Beaverhead-Deerlodge National Forest. From small streams to large lakes, you can find any adventure you seek. The 371 lakes and 4,215 miles of streams on the Forest provide opportunities for first time anglers to the experienced fly fishermen. Whether you seek to battle trophy sized wild rainbow trout or to experience the solitude of a high mountain lake, the Beaverhead-Deerlodge National Forest provides fishing experiences like no other place. To help find your next favorite fishing spot, search the attached guide. Get out and enjoy what our great Forest has to offer. You might just get hooked!

A valid Montana fishing license is required for all types of fishing. Please visit the Montana Fish, Wildlife & Parks website at <http://fwp.mt.gov/fishing> for current information and regulations.

Fishing Regulations

Please consult the Montana fishing regulations for angler possession limits. Most lakes are in the Central Fishing District with some lakes in the Western Fishing District.

Maps

Beaverhead-Deerlodge Forest Visitor/Travel maps showing lake, road, and trail locations are available for purchase from any Beaverhead-Deerlodge National Forest office.

Or, you can order forest maps through the USDA Forest Service's National Forest Store at www.nationalforestmapstore.com

NEW! - PDF Maps Mobile App, developed by Avenza Systems Inc., is available as a free download from iTunes and the Android Play Store. The app provides access to Forest Service maps, such as motor-vehicle-use maps, which are free while pages from national forest atlases are 99 cents and forest visitor maps are \$4.99. Prices are pending for other agency maps.

Leave No Trace

Fishing

- Cleaning fish: leaving entrails on the shoreline can be a problem as it attracts animals like bears to popular areas. Pack entrails out or dig a hole to place them in.
- Wash your waders, boots, float tubes, boats and trailers between water bodies to prevent the spread of diseases as well as the introduction of non-native plants and mollusks which can harm native fish. Never transfer live fish from one area to another.
- Catch and release angling: Do not fight a fish until it is exhausted: bring it in as quickly as possible. Wet your hands before handling the fish. If removing the hook will cause extensive damage to the fish, cut the line near the hood and leave it in place.

Pack It In, Pack It Out

- If you packed it in, please pack it out.
- Pick up and pack out used fishing leader and line.
- Inspect your site for trash and evidence of your stay.

Campsites (outside Forest Service campgrounds)

- Camp well away from lakes and streams to maintain clean water.
- Return your camp area to its natural character.

Campfires

- Protect the limited wood resource, use a lightweight stove for cooking.
- Where fires are permitted, use established fire rings, fire pans or mound fires.

Sanitation

- Prevent water pollution. Clean fish well away from lakes and streams.
- For cleaning yourself or dishes, carry water at least 200 feet from lakes or streams and use small amounts of biodegradable soap. Dispose of water in a hole dug well away from campsites, lakes, and streams. Replace sod or top soil in dug hole before breaking camp.
- For human waste, if no outhouse is available, deposit human waste and toilet paper in catholes or latrines dug 6 to 8 inches deep and at least 200 feet from water. Cover with dirt when finished.

Stock Use

- Graze and rest stock well away from lakes and streams.
- Use only weed seed free forage
- Scatter manure to hasten decomposition
