Visit the *Fire Safety Fun Festival* July 4th

Come have a Blast! Are you looking for something for the whole family to do and enjoy? Then be sure not to miss the *Fire Safety Fun Festival* staffed by Inyo National Forest and Bishop Field Office, Bureau of Land Management (BLM) employees.

The Open House on July 4th follows the Mammoth Lakes Parade. Come join us from 12:00 p.m. to 3:00 p.m. at the US Forest Service Fire Station located on Main Street and Sawmill Cutoff Road (by Shady Rest Campground).

Interagency fire fighters from BLM and US Forest Service will share how they suppress wildland fires. Fire Prevention guest Smokey Bear will be making appearances throughout the day. Kids can learn about Fire Safety and earn a Smokey Bear prize. Activities will include:

- Water games
- Face painting
- Fire Safety educational activities
- Come meet Smokey Bear!

Everyone is welcome to join the fun.

As a reminder, fireworks are prohibited on National Forest and BLM lands. For more information, call Paul Myers at 760-924-5536.

Have a safe, enjoyable Fourth of July.
