

TakeAction

Teens for Wildfire Safe Communities.

nfpa.org/TakeAction

Turn school and club Community Service requirements into a \$500 educational scholarship, or donation to a charitable organization!

Young adults **ages 13 to 22** who complete a Wildfire Risk Reduction Community Service Project between **September 1, 2015 - November 15, 2015** can submit an application to receive **one of twenty \$500 funding awards** for future educational costs, or as a \$500 donation to the charitable organization of their choice.

Let your community service requirements benefit the people, wildlife and neighborhood where you live! Make your project one that reduces wildfire risks or post-fire impacts and improves the area's chances of surviving a future wildfire, current flooding or mudslide issue. Visit **nfpa.org/TakeAction** and find **a project idea** that will make a difference. Submit an application and view the rules and more details at www.nfpa.org/TakeAction.
