## OPEN HOUSE!

YOU (and a friend or three) are invited to visit the Wonderful World of the Walnut Creek Center for Education and Research Sunday, **October 4<sup>th</sup> 2015, NOON - Dusk**

\*We will have: Open House, open Lab, open classroom, open SEGA garden (Southwest Experimental Garden Array); Open Phenology Trail...**Open Everything!** (even the generator shed with antique single cylinder engine!)

\*We will eat pears from our orchard, relax, collect some data from the phenology trail and share all the new things happening at the center.

\*\*In order to share the wonder of WCCER with a wider community we will host a **brain storming session at 3:00pm on Sunday** to dream up more fun ways to take advantage of the amazing natural history of this area.

\*About 4 pm we will have a **potluck dinner** with Pear Tarts for dessert!

We may even have some live acoustic music here Sunday afternoon. We are working on that.

So grab some friends and come on out!

(And in case you didn't know...

We are an amazing, remote, biological field station sponsored by Prescott College, Northern Arizona University and the Arboretum at Flagstaff, operating under permit from the U.S. Forest Service and we want the world to know!)

Please RSVP via email (link at top of page) and spread the word to anyone you think might be interested.

Hope to see you soon,

Royce Carlson and Nita Hull-Carlson  
Walnut Creek Center for Education and Research  
21125 W. Walnut Creek Rd,  
Prescott, AZ 86305

**DIRECTIONS:** Take Williamson Valley Road N.W. out of Prescott and when the pavement ends, keep going straight for another 14 miles. The first ranch you see is the K-4 followed by an old steel girder bridge. Just after you cross the bridge, the road forks...take the left fork onto Walnut Creek Road. 1.8 miles further, on your left is our place, come on in! BTW the grader has been working on the road a lot lately and it is in great condition, any sort of car can make it but carpooling is always a good idea.
