Winter Dates Open for Ford Cabin Rental

The Ford Cabin rental on the Flathead National Forest, located about 45 miles north of Columbia Falls on the Glacier View Ranger District, has ample available dates for winter reservations. The cabin was shown as unavailable on the national reservation system from January through March 2010, that is not the case and prospective renters can now reserve dates within that time period. To make reservations, visit www.rec.gov or call 1-877-444-6777. For more information contact the Hungry Horse and Glacier View Ranger District at 406/387-3800.
